

We Opened Our First Doors in 1916.

Now 91 years later, we're still opening doors.

Our Newest Location in Berlin is Now Open to Serve You.

We welcome you to experience why four generations of residents and visitors have banked with us since 1916. Our reputation and a high level of public confidence are important to us. We want each of our customers to experience the Bank of Ocean City Advantage by serving your banking needs and transactions in a way that makes you proud to say, "Bank of Ocean City, That's My Bank!"

When you open a personal checking account at our new Berlin office, you will receive your first order of checks FREE when you bring in your printed personal checks from another bank.
