- ABOUT THE BOAT -

The boat "The Mermaniac" is a fully customized 460 Sea-Ray Express. It boasts a fully remodeled cockpit complete with a fighting chair, rigging stations oversized fish boxes and state of the art electronics, including 48 mile radar, Chartplotters, GPS, VHS, Autopilot, Depthsounder, Fishfinder and EPIRB. We use Penn International and Shimono TLD's. With plenty of great seating and enough room to land even the biggest fish you may find this boat a little more comfortable than the traditional charter boat. "The Mermaniac" is great for women and children with a salon and all the amenities of a fine hotel complete with a full entertainment system including a TV, DVD Player and video game console. On hot and cold days or during the ride in and out they have a place to escape to with 2-zone air conditioning and heat where it is always comfortable to watch a movie, play video games or take a nap.

- ABOUT THE CAPTAIN -

I started my offshore fishing in 1977, fishing out of Ocean City, Maryland and Hatteras, North Carolina. In 1999, I was fortunate enough to buy my own boat and start running it offshore on my own and I can't get enough of it. In 2003, I bought the boat I am fishing now. As I am always anxious to meet new friends and share the offshore experience I am now booking charters. I am as excited to go fishing as you are (maybe even more!).

"I am committed to catching you the fish of lifetime, I also encourage angler participation, so bring your camera as I promise to do my best to make your experience great."
